3. Procedures

MIECAT follows a three-step process in these matters: detect and report, investigate, notify. MIECAT will establish a Non-Academic Misconduct Register that will record warnings and the outcomes of any accusations of non-academic misconduct. A student's involvement in non-academic misconduct will be retained on the register while still enrolled in any course and academic staff will have access to this information when considering any subsequent allegations of non-academic misconduct.

3.1 When non-academic misconduct is reported, a staff member involved in the unit teaching and assessment is required to put the matter to the student, identify specifically the type of misconduct and all details related to the alleged incident and report the matter to the course coordinator.

3.2 If the course coordinator believes, in discussion with the student that a serious breach of the guidelines has occurred the course coordinator will investigate the matter and report to the Education Committee with the findings.

3.3 The student will be notified in writing by the Chair of the Education Committee, within seven days of the course coordinator's review and the Education Committee's decisions in relation to the instance of alleged non-academic misconduct. The student will also be informed of the MIECAT Student Grievance Handling and Resolution Policy should they wish to pursue the matter further.
